## TERMS OF REFERENCE FOR CATH LAB TECHNICIAN UNDER MEGHALAYA MEDICAL DRUGS & SERVICES LIMITED

**Title:** Cath Lab Technician  
**Duty Station:** Garo Hills, Meghalaya  
**Duration:** 2 Years (Renewable)  
**Salary:** As per MMDSL norms

### Role Summary

The Cath Lab Technician will support the delivery of high-quality cardiovascular diagnostic and interventional procedures by assisting physicians, preparing patients and equipment, ensuring patient safety, maintaining records, and supporting the overall operation of the Cardiac Catheterization Laboratory.

### Key Responsibilities

1. Assist cardiologists and medical officers during diagnostic and interventional cardiac procedures.
2. Prepare patients for catheterization and related procedures in accordance with established protocols.
3. Operate, monitor, and maintain Cath Lab equipment and accessories.
4. Prepare and maintain sterile instruments, packs, and procedural trays.
5. Monitor patient condition during procedures and immediately report abnormalities.
6. Observe catheter patency, fluid infusions, and patient responses throughout procedures.
7. Assist in emergency interventions and management of adverse reactions.
8. Ensure compliance with infection prevention and patient safety standards.
9. Maintain accurate procedural records, logs, and documentation.
10. Support inventory management and ensure adequate stock levels of consumables and supplies.
11. Coordinate with nursing, biomedical, and administrative teams for smooth functioning of the Cath Lab.
12. Participate in quality assurance initiatives and departmental audits.
13. Prepare monthly, quarterly, and annual reports as required.
14. Undertake on-call duties and other responsibilities assigned by the reporting authority.

### Deliverables

1. Efficient support for all scheduled Cath Lab procedures.
2. Accurate maintenance of procedural and patient records.

3. Timely submission of reports and activity updates.
4. Proper inventory management and equipment readiness.
5. Compliance with quality and patient safety standards.

## Qualifications & Experience

1. Bachelor's Degree in Cardiovascular Technology, Radiologic Technology, or a related field.
2. Minimum 2 years of experience in a Cath Lab role in a recognized healthcare institution.

## Skills & Competencies

1. Sound knowledge of Cath Lab procedures, equipment, and patient care protocols.
2. Ability to work effectively in high-pressure clinical environments.
3. Strong communication and teamwork skills.
4. Attention to detail and commitment to patient safety.
5. Proficiency in documentation, reporting, and record maintenance.
6. Ability to maintain professional relationships with clinicians, patients, and colleagues.

## Ethics & Confidentiality

The Cath Lab Technician shall maintain strict confidentiality of patient information, clinical records, and organizational data and shall adhere to all applicable ethical, professional, and institutional standards.
